## **PUBLIC HEARING NOTICE**

NOTICE IS HEREBY GIVEN the Inyo County Planning Commission will hold a public hearing Wednesday, January 25<sup>th</sup>, 2016 at 10:00 a.m. in the Board of Supervisors Room, County Administrative Center, at 224 North Edwards Street, Independence, to consider the following:

**Three (3) Month Time Extension for Conditional Use Permit CUP#2014-01/711 Materials, Inc.**

On February 26, 2014, the Commission approved Conditional Use Permit (CUP) No. 2014-01/711 Materials, Inc., which allowed the applicant to *temporarily* locate a portable concrete plant at 598 Old State Highway in Keeler, to furnish materials to the Los Angeles Department of Water and Power (LADWP) Owens Lake Dust Mitigation Project, along with any other potential projects in the area that might need similar materials concurrently. On February 24, 2016 the Commission extended the CUP for an additional year. The applicant has submitted a request, dated December 8, 2016, to extend CUP No. 2014-01 until May 28, 2017. Continued need to provide materials to the LADWP Owens Lake Dust Mitigation Project and other regional constructions projects has made it apparent that the batch plant will be required in the future. The applicant is working on entitling an alternative location for the batch plant, and the extension is necessary to complete that process in coordination with Great Basin Unified Air Pollution Control District.

If you challenge any finding, determination or decision made regarding these projects in court, you may be limited to raising only the issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered prior to the hearing.

Written comments and all questions should be addressed to the Inyo County Planning Department, P. O. Drawer "L", Independence, CA 93526. For additional information contact Inyo County Planning Department, 168 N. Edwards Street, Independence, during regular business hours or at [www.inyoplanning.org](http://www.inyoplanning.org) under "Current Projects."
